Arrive at Ben Gurion Airport, Tel Aviv, Israel where we are greeted, assisted and transferred to our hotel by the EpicTOURS staff. Overnight on the shores of the Mediterranean Sea! Open your Bible

We awake in the Holy Land to a sumptuous Israeli breakfast buffet, then transfer by deluxe motor coach to head north on the Coastal road to view the stately, ancient ruins of Caesarea, visiting the Roman amphitheater where Paul stood trial. It was here that the Holy Spirit first fell on the Gentiles as Cornelius, the first Gentile of the Church-age, met Peter. [Click here for more information on Caesarea](#) Next, we drive up the Mediterranean Coast to Mount Carmel, Elijah's Cave, the place where the Prophet Elijah defeated the false prophets of Ba'al and where God answered by fire. We continue today by driving through the Valley of Jezreel [Click here for more information on Jezreel](#) - the prophetic future site of the battle of Armageddon. The archaeological site of Megiddo is one of Solomon's chariot cities where twenty civilizations can be observed stacked up in the ruins. Driving toward Nazareth, we stop to visit an extraordinary site called Nazareth Village, where we step back in time to see a day in the life of the first century Jews who lived in Nazareth as in the days of Jesus. We will visit Mt. Precipice. [Click here for more information on Mt. Precipice](#) (Luke 4:29-30) which is located south of Nazareth, on the cliffs of Mt Kedumim (397M), overlooking the Yizrael Valley and Mount Tabor. This is considered by some to be the place where angry Jewish worshippers drove Jesus away from the Synagogue and attempted to throw him off the cliff. He disappeared before their eyes "in the midst of them".

Dinner and overnight - Caesar Tiberias Hotel on the Sea of Galilee

Day 4 Friday, October 18 - Explore The Galilee- Lake Kinneret/ Mr. Arbel/Magdala/Boat ride on the Sea of Galilee/St. Peter's Fish Lunch/Capernaum/Mount of the Beatitudes/Tabgha/Bethsaida/Kurazim/Kursi (Pig Jump)

After another great Israeli breakfast, we start our day with a service on the Sea of Galilee. Stepping aboard a Galilee boat for a calm cruise on the sea, we enjoy an incredible worship service, which will be life changing. For many pilgrims to the Holy Land, this is one of the most memorable. Later, we disembark at Ginosar for a short trip to Capernaum, where we visit the home of the Apostle Peter where Jesus healed his mother-in-law. Visit Tabgha where Jesus multiplied the fishes and loaves. We lunch on the shores of the Sea of Galilee and enjoy a special feast of St. Peter's Fish. A short bus ride takes us to the Mount of Beatitudes where we hear the words of Jesus on the mount where the greatest sermon ever was preached. At the end of our touring day, we proceed to our baptismal site located on the Jordan River, Yardenit, for those who wish to be baptized. After baptism, we return to the hotel where another Israeli buffet presents an amazing variety of food for our dinner.

Dinner and overnight Tiberias - Hotel on the Sea of Galilee

Day 5 – Saturday, October 19 – The Jordan Valley

After breakfast, we travel to Beit Shean (8 am) [Click here for more information on Beit Shean](#) to visit one of the best preserved Roman Amphitheaters in Israel. Extensive excavations have uncovered eighteen layers of civilizations. Ancient Beit Shean is also where King Saul's body was retrieved by the brave men of Jabesh Gilead. We travel south toward Jericho, the "City of Palms" spreading out on the west side of the Jordan River at 825 feet below sea level. The Bible site of Tell es-Sultan is in the distance and is the city Joshua destroyed. In Jesus' day a new center had been constructed on the wadi banks by the Hasmonean rulers and Herod the Great. Continuing south, we see Qumran, [Click here for more information on Qumran](#) where the famous Dead Sea Scrolls were discovered by a little shepherd boy and Ein Gedi where David fled from Saul. Continuing south through the wilderness of Judea, we will ascend by cable car to Masada (by 11:30 am) the fortress built by King Herod the Great. Step back in time to 66 CE when a group of Jewish rebels overcame the Roman garrison of Masada [Click here for more information on Masada](#) and settled on the top of Masada until 73 CE when the Roman governor laid siege. The view of the Roman camps can still be seen from atop Masada, as well as a spectacular view of the country of Jordan and the Dead Sea. Visit the remains of

Herod's Palace, the Apartments, Baths, Storehouses and Cisterns. It was here the Jewish Zealots made their last stand against the Roman Legions from 70-73 AD. Descend from Masada with a stunning view of the Dead Sea. Leaving the lowest place on earth, we ascend to Jerusalem, the Holy City.

Dinner and Overnight in Jerusalem

Day 6 – Sunday, October 20 –Jerusalem/Temple Mount 8 am/Western Wall Tunnel 10 am / Western Wall/Hulda Gates/Southern Steps excavations [Click here for more information on Jerusalem](#)

Arriving at 8 am, we will visit one of the most incredible sites in all of Judaism, the Temple Mount. It is here where the Temple era came to an abrupt halt as it was destroyed by the Romans in 70 AD. On this site, Solomon built the Temple and subsequently, the Divine Presence still abides on this site.

Just below the Temple Mount, on the western side, we will pray at the Western Wall (Kotel) which is the closest wall to where the Holy of Holies was located when the Temple was in use during the 1st Century. We will visit the Western Wall Tunnel (10 am) which will take you underground. A large portion of the Western Wall is inaccessible, otherwise. You will see stones, models and actual structures which provide clues as to how the Second Temple was constructed. In addition, these artifacts help explain the history of this area through the eyes of all the great empires that once ruled Jerusalem. In the afternoon, journey to Bethlehem to visit the Church of the Nativity and the Shepherd's Fields. Before returning to the hotel, enjoy a great shopping opportunity in Bethlehem.

Walking the pathway from the Mt. of Olives, we pray in the Garden of Gethsemane (10 am) with a grand view of the Eastern Gate and the Kidron Valley. Here, we After enjoying the view of Jerusalem from the Mount of Olives, we visit the Church of All Nations and read the Scriptures of Jesus' prayer and take time for personal reflection where we literally walk where Jesus walked. Crossing the Kidron Valley, we begin a tour of the city of Jerusalem. As we begin the tour of old Jerusalem, we visit the room of the Last Supper, also known as the site of the Upper Room, and the traditional site of the Tomb of King David, we take a short walk through the Jewish Quarter to visit the Temple Institute (1 pm) The Temple Institute's ultimate goal is to see Israel rebuild the Holy Temple on Mount Moriah in Jerusalem, in accord with the Biblical commandments. Finally, a short walk through the Roman Cardo. We visit St. Ann's Church and hear the marvelous acoustics as we sing. Visit the Pool of Bethesda where the angel stirred the waters for healing. Following the path from Pilate's Judgement Hall through the old city, we experience the sights and sounds of old Jerusalem. We walk the Via Dolorosa, the route that Jesus took between his condemnation by Pilate and his crucifixion and burial. Exit at Lions Gate to shop at the Jerusalem Gates store.

Dinner and Overnight - Jerusalem

Day 8 – Tuesday, October 22 City of David/House of Caiaphas/Israel Museum/Jerusalem Model, Dead Sea Scrolls, Menorah, Garden Tomb and Communion at 2:30 pm.

We drive to the City of David (9 am), at the Gihon Spring, where we learn of how the original city of Jerusalem was established by King David, overtaking the Jebusites. We will visit Hezekiah's Tunnel: A 1750-foot tunnel carved during the reign of Hezekiah to bring water from one side of the city to the other, Hezekiah's Tunnel together with the 6th century tunnel of Euphalios in Greece is considered the greatest works of water engineering technology in the pre-Classical period. The Pool of Siloam is a rock-cut pool on the southern slope of the City of David, the original site of Jerusalem, located outside the walls of the Old City to the southeast. The pool was fed by the waters of the Gihon Spring, carried there by two aqueducts. An ancient 2000-year-old road leading from the City of David to the Temple Mount has recently been excavated. Visit the House of Caiaphas where Jesus

spent the night after his arrest in Gethsemane. Traveling to the Israeli Museum, we will visit the 2nd Temple model of Jerusalem and the Dead Sea scrolls (discovered in the caves of Qumran) among other antiquities. We'll view the Knesset Menorah which is a bronze [Menorah](#) weighing 4 tons. It is located opposite the [Knesset](#). It was presented to the Knesset as a gift from the Parliament of the United Kingdom on April 15, 1956 in honor of the eighth anniversary of Israeli independence. PETRA ... More Than A Wonder!! [Click here for more information on Petra](#)

The city of Petra, capital of the Nabataean Arabs, is one of the most famous archaeological sites in the world, it is Located 240 km south of the capital Amman and 120 km north of the red sea town of Aqaba, Petra the world wonder is undoubtedly Jordan's most valuable treasure and greatest tourist attraction, and it is visited by tourists from all over the world. It is not known precisely when Petra was built, but the city began to prosper as the capital of the Nabataean Empire from the 1st century BC, which grew rich through trade in frankincense, myrrh, and spices. Petra was later annexed to the Roman Empire and continued to thrive until a large earthquake in 363 AD destroyed much of the city in the 4th century AD. The earthquake combined with changes in trade routes, eventually led to the downfall of the city which was ultimately abandoned. By the middle of the 7th century Petra appears to have been largely deserted and it was then lost to all except local Bedouin from the area. In 1812 a Swiss explorer named Johannes Burckhardt set out to 'rediscover' Petra; he dressed up as an Arab and convinced his Bedouin guide to take him to the lost city, After this, Petra became increasingly known in the West as a fascinating and beautiful ancient city, and it began attracting visitors and continues to do so today. Petra is also known as the rose-red city, a name it gets from the wonderful color of the rock from which many of the city's structures were carved. The Nabataeans buried their dead in intricate tombs that were cut out of the mountain sides and the city also had temples, a theater, and following the Roman annexation and later the Byzantine influence, a colonnaded street and churches. In addition to the magnificent remains of the Nabataean city, human settlement and land use for over 10,000 years can be traced in Petra, where great natural, cultural, archaeological and geological features merge. On December 6, 1985, Petra was designated a World Heritage Site,

also Petra was chosen by the Smithsonian Magazine as one of the 28 places you should visit before you die.

After lunch in Petra, we journey toward the Luxury Bedouin Tent Village in Wadi Rum. Upon arriving, we leave the coach and ride open-back jeeps to the camp. Retreat to your private Bedouin style tent with its surrounding expanse of silken sand and luxurious accommodation. Wadi Rum Night camp consist of twenty-five fully equipped luxury tents, each spacious guest tent is luxuriously furnished complete with comfortable king-size, twin, or triple beds, Bedouin sofa, mirrors, lamps, and the finest bed linens. All the furniture is hand-made. There is cozy relaxation area outside the tent to watch the stars at night and drink tea with the Bedouin host. Electricity is provided in the guest tents in the evenings via solar power. Each tent has a private terrace with a fantastic view over the Wadi Rum Mountains. Dinner awaits you in this unique landscape in the Wadi Rum (Valley of the Moon). It lies in the far south of Jordan, set on a high plateau at the western edge of the Arabian desert. Gargantuan rock formations, rippled sand dunes, and clear night skies create an almost fairy-tale setting across an unpopulated area the size of New York City. This is truly the “reddest” part of Jordan, colored by iron oxide, and by far the most dramatic in terms of landscape.
